Recital News

Before our city's mandatory closures, Rose Academy of Ballet's recital production was in full swing.

Due to the disruptions caused by the COVID-19 pandemic, the studio must unfortunately postpone the spring recital. Though we are all very disappointed, that things are not going as originally planned, we are all thankful that things seem to be getting a little better each day. As long as everything continues to improve, we will perform sometime in June. A talented team of teachers, videographers, and administrators have been working diligently on a safe, creative, and fun way for the dancers to celebrate their perseverance, and passion. Please look for details as we get closer to the official re-opening date.

Summer Semester

We will continue to offer interactive classes with our instructors as mini courses on Zoom. Register for a series of 5 classes at a time and mix and match dances styles to keep it fun: jazz, hip hop, modern dance, musical theatre, family Zumba and more! Be on the lookout for an invitation to a free children's hip hop class coming soon.

The studio remains hopeful that we will have "in house" summer classes as well as our summer camp in July. Click the link below to see our full virtual class schedule and to register!

Moving Forward

As we move towards our new normal we hope some things will remain the same. Things like our studio's close connection with our community and the friendships your children make while at Roe Academy of Ballet. Playdates with friends, ballerina birthday parties and summer camp!

Our studio is like a family and with your support, we hope to continue to offer quality dance instruction to children in our community and beyond.
